Particulars	Weightage
Non-convertible debentures (original maturity of less than one year) as % of total public funds	NIL
Non-convertible debentures (original maturity of less than one year) as % of total liabilities	NIL
Non-convertible debentures (original maturity of less than one year) as % of total assets:	NIL

(c) Other short-term liabilities as a % of Total public funds:

Particulars	Weightage
Other short-term liabilities as % of total public funds	NIL
Other short-term liabilities as % of total liabilities	NIL
Other short-term liabilities as % of total assets:	NIL

vi. Institutional set-up for Liquidity Risk Management:

The Board of Directors has overall responsibility for management of the liquidity risk and it must decide the strategy, policies and procedures of the Company to manage liquidity risk.

The Asset Liability Management Committee (ALCO), consisting of the Company's senior management, has been set up to ensure adherence to the risk tolerance/limits set by the Board as well as implementing the liquidity risk management strategy.

The risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.
